

Directions for Shape Monster Activity

1. At your tables there is a folder and inside of it are four plastic bags. Please **take one bag** from that folder and that will be yours to keep and use
2. In each plastic bag, there are different shapes that you will be **using to construct your shape monster**
3. Please, use **at least 3** of the new shapes that we have learned about in class today (trapezoid, parallelogram, hexagon)
4. You will create your shape monster by using a glue stick to keep the shapes together
5. You can use anything else you would like along with the shapes: markers, crayons, stickers, sticky eyes, yarn for hair, pom – poms, etc... (**please walk over quietly to our materials center if you would like to use any of those materials**)
6. **You may talk quietly with your neighbors** while completing this craft
7. **Be creative and have fun!**
